Community event feedback questionnaire

Prepared by Morgan Beck

For the Brookmere Events team. A short on-site exit survey about the Lantern Weekend event. Morgan Beck designed this instrument independently of Elena Park; it should be interpreted as a separate author's work.

Fieldwork instructions

Prepared by Morgan Beck. Version 2.1, 9 October 2026. Approach adults as they leave the event. Aim for a three-minute interview. Read response choices aloud exactly as written; use a printed showcard for Q9.

Use short verbal choice lists and one choice per item. Read each list in its displayed order so interviewers follow the same script. Avoid rating grids and numerical satisfaction scales for this on-site format.

Ask ratings before asking for a free comment. Only one open comment is included at the end. Record a short summary in the respondent's words, up to 200 characters; the comment is optional.

Ask each applicable question; provide Not sure where shown. Do not record names or contact details. Thank ineligible respondents and stop. Thank all respondents at completion.
